

# DESIGN MONTH GRAZ FESTIVAL 2024

The Design Month Graz Festival is dedicated entirely to the theme of **WHAT NOW?** from **May 3 to June 2** 2024. For one month, it will once again bring the range of services offered by the design scene in the City of Design Graz to the fore. A dense and diverse program of exhibitions, lectures, presentations, guided tours and much more will bring the value and importance of design to the public.

## application form I call for products

All over the city, shops and companies are hosting product presentations of designers. Design becomes visible – the search is on for new and current design products that are waiting to be presented to a wide audience during Design Month Graz festival.

We would like to integrate designers and their products from your city into the program.

Creative Industries Styria manages the shop-partner for the presentation.

The nominating city and designer are responsible for transportation, travelling costs.

We offer 10 free places for international designers to present their products! - **As places are limited, be quick ! Deadline for submissions: 07 February 2024.**

**Name**

---

**Theme**

---

**Project Description:**

**Product Photos // send 3 - 4 Photos incl. ©**

**Further information | Design in the City**

The designer's products will be exhibited and presented over a month. The designer does not have to be present - of course it would be nice on the opening weekend, especially at the Designers Breakfast, if the designer were here to talk about his product, but it is not necessary. We need a good description of the product and will train our guides so that our guides can also talk about the product. The designer is welcome to bring business cards or - if available - a small product catalogue, which we will enclose with the exhibited product.

**The products**

The products range from accessories to furniture, fashion, jewellery and motorbikes. So the range of products on display is wide.

**When**

Design Month Festival: **May 3 to June 2**

Opening Weekend: **May 3 till May 5**

Kick-Off "Design in the City" (Designer's Breakfast) : **May 4**
