

The **designcities.net** website was renewed in 2023 and the Design Supermarket was created. The Design Supermarket provides a detailed overview of the wide variety of design projects from around the world. We want to share projects and cases to learn and benefit from each other. As an active member of our website this form offers the possibility to present individual projects on the common **designcities.net** website.

*Please send the completed form to the addresses below.*
